

Quality Policy

Rope & Plastic Sales (USA) Pty Ltd manage the 3rd party design and supply of products that are manufactured for the Automotive and Industrial Battery Industry and Custom Moulded products.

As part of our Business Strategy, we have adopted a quality management system that meets the requirements of:

ISO 9001

“Quality Management System • Requirements”

We set high objectives relating to quality and ensure that those objectives are met. To us Quality means first class product. Safety and continual improvement.

We will always strive to achieve the highest level of quality to our customers in line with our contractual obligations

We attach great importance to competition based on quality. We recognize that substantial growth depends upon supplying those products, which meet or exceed the expectations of our customers and accepted industry standards in the market sectors that we serve.

It is the responsibility of management to ensure that the quality system is documented, implemented and maintained through our staff and subcontractors. In addition, we are committed to the following points:

- 1) Customer focus
- 2) Meet applicable statutory & regulatory requirements
- 3) Policy is in tune with strategic direction
- 4) Provide a framework for setting & reviewing quality objectives.
